While the Covid-19 pandemic has captured our national attention for the last year, there is another deadly epidemic that has plagued our country for much longer. It is one of the reasons Jesse and Beatha Pieck started Cherry Street almost 75 years ago. Poverty is eroding souls, destroying lives, corrupting generations and robbing people of hope. Yet those enduring homelessness found a safe place to meet their needs at Cherry Street. It’s also hard to imagine that during all the chaos, rhetoric, tear, and despair Cherry Street can demonstrate successes for 2020—a year like no other.

At Cherry Street we teach two aspects of love to the guests who use our mission’s services:
1. That God does have a plan to fold you into a healthy life of community and purpose and
2. That there are practical steps you must engage in to execute those plans.

Thank you to all of you who are making plans for 2021 that include partnership with Cherry Street on your to-do list! It is through the support of all people in our community that we are able to continue to provide practical teaching and truth to those who utilize the mission. When Cherry Street is serving meals it fulfills the need for today. We know people come hungry for a meal but they are really Hungry for Change.
